Dear Sir or Madam:

On November 09, 2001 the United States Environmental Protection Agency (U.S. EPA) issued a letter notifying you that you were determined to be a Potentially Responsible Party (PRP) at the abovementioned site. Included with the November 09, 2001 letter was an information request, dated March 02, 2001 pursuant to the Federal Superfund law Section 104(e) of the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA) as amended, 42 U.S.C. § 9604(e). Also included with the November 9, 2001 letter was a courtesy copy of the June 26, 2001 Special Notice.

A copy of the November 09, 2001 letter and the attached information request are enclosed with this letter. The information request was delivered to you by certified mail. The information request required certain documents and information be provided within thirty [30] days of your receipt of the letter.

Although the deadline has passed, U.S. EPA still has not received any response to its information request. To assist U.S. EPA in gathering information about contamination at the Site, please provide a complete response to the information request immediately.

If you have not responded to the information request because you are concerned that your responses may contain information that you consider "confidential," please be advised that you cannot withhold information or records upon that basis. Please refer to Enclosure 5 of the original letter to assert a business confidentiality claim.

Continued failure to comply with U.S. EPA's information request, or to adequately justify such failure to respond, may subject you to enforcement action seeking to compel compliance and collect penalties of up to twenty-seven thousand dollars (\$27,500) per day of noncompliance pursuant to Section 104(e)(5) of CERCLA, 42 U.S.C. §9604(e)(5). U.S. EPA has the authority to use the information requested herein in an administrative, civil, or criminal action.
